COURSE EVALUATION

Please take a few moments to help us evaluate the effectiveness of this course so that we can make improvements for Scouters that will be participating in future offerings of this course. Your comments are important to us, so please share your thoughts. You can post your answers via e-mail to me at mfbowman@capaccess.org. Thanks.

1. Have you ever participated in an online Scouting course before?
2. Did you have any problems in using the online course? Please let us know of anything where better instructions would have helped.
3. Were our instructions clear and understandable? If not, please describe:
4. Did you find enough basic information on the Commissioner Service? If not, what else could we have provided?

5. Did you find enough basic information on the Internet to be able to use it easily? If not, what problems did you encounter?
6. After learning the basics and exploring the resources available to you, could you use both to help identify issues and plan solutions to the problems in the discussion scenarios?
7. What is your overall evaluation of the usefulness of this course?
8. Would you recommend using this or a similar course in your Council?
9. If you use this course as the basis for a similar course in your Council, please let us know. If we know that this material is being used and what is working, we can continue to try to provide you with the best information and resources to help in your Council.

Thanks for taking a few minutes to share your thoughts. I and other Scouters will benefit by your help.
