**Folks,**

**John Dilday & BSA.net graciously agreed to provide space on their server to support Scouting units. However, there is a limit to what they can provide.**

**If you are in need of space, I suggest that you look at <<http://www.explorer.org/web.html>>. This is a "static" list of providers who provide free hosting.**

**Remember, If at some point your Unit can afford to pay for Hosting, you should move your web site & free the resources for another unit.**
