Each description that follows describes a Scouting emblem, patch, or insignia from a different country. Please identify the country that has the Scouting emblem, patch, or insignia described. No country may be used as an answer more than once.

My source material shows the insignia in black and white, so you'll have to bear with me on descriptions.

Answers and a listing of the Scouters with the highest number of correct responses will be posted during the first week of June.

Please send responses by private post.
